Team Savox

- Return today (slides, rought idea)
    o customer needs
    o project description / project plan
    o vision for our implementation
- This week playing with prototypes.
    o Idea would be that after this week there would be feedback from the customer about the prototypes
- Share trello to JP and Jayden Khakurel
    o @Jariporras
- Weekly status reports
    o Thursday slide set about status of project
        ▪ customer needs, requirements, stakeholder analysis
    o Return to the same place that weekly report
- Another skype next week
    o If needed
